> ***Provides ways to be impactful and efficient with everyone's time.***

*It has helped me with creating new ways of teaching and providing my staff with the information and tools they need. I have also been able to reflect on things that were in place prior to me being supervisor to see what works and what doesn't.*

---

*The concepts are clear and simple; the breakout rooms allow us to get insight from other staff that we might not have received otherwise.*

---

*I really appreciate all the perspectives on how to build relationships and interaction, and keep it zesty.*

> ***Easy to remember and implement with every interaction.***

> ***The training is engaging which helps with understanding. It allows for a broad level of participation.***
